

TN-175 Full Automatic Turntable, White

249420

SRP £149.00

TN-175 is a 2-speed full-automatic belt-drive turntable supporting 33/45 rpm. It comes with built-in phono equalizing amplifier, phono and line outputs and a VM(MM) type cartridge AT3600L by audio-technica.

Colour

PRODUCT DETAILS

2 speed turntable with full automatic operation

The TN-175 plays LP, EP records. The tone arm automatically moves to play the vinyl and returns to the original position as playback finished. A VM (MM)-type cartridge AT3600L by audio technica is pre-installed to the static balanced straight tonearm at the factory, so you can start playing records as soon as you open the box.

High Quality MDF cabinet construction

Unlike others with plastic chassis, a single wooden board with MDF minimizes vibrations and resonance to playback of your vinyl record library with clearer sound.

Built in MM type Phono EQ amplifier

Enjoy vinyl playback with any amplifier regardless of the type of inputs. The TN-175 supports both Phono and Line output that allows you to play vinyl with or without a Phono pre-amp.

Authentic belt drive turntable

The plastic platter is driven by a high torque DC motor, while precision stainless steel spindle maintain accurate rotation speed.

Features at a glance

- Full automatic belt drive turntable
- Static balance straight tonearm
- High Quality MDF construction for improved resonance reduction
- Vibration absorbing rubber bumper feet
- Detachable acrylic dust cover
- Built in MM type phono pre amplifier
- High quality MM cartridge AT3600L by audio technica pre installed
- Phono and Line outputs
- 2 speed (33/45 RPM)

Included Accessories

- Rubber Mat x 1
- EP Adapter x 1
- VM (MM type Cartridge A T3600L x 1 (Pre installed)
- Dust Cover x 1
- Dust Cover Hinges x 2
- RCA Audio Cable x 1
- AC Adapter (GPE053A V120050 Z) x 1
- Owner's Manual (including Warranty)
