A premium bundle for vinyl, TV and music
This analog bundle combines highquality vinyl playback with modern stereo performance: the TEAC TN400BTX turntable in Turquoise paired with the Pure Classic Active speakers in CottonWhite/Oak. The result is an elegant, livingroomfriendly setup that seamlessly brings together vinyl, TV sound, radio and streaming - stylish, colourful, clean and uncompromising in sound quality. Just plug in, lean back and enjoy.
Key highlights at a glance:

- Including Authentic Japanese Washi Paper - Elevate your vinyl audio experience with our premium TA-TS30UN-BW sheet featuring traditional Mulberry tree fibers for sonic clarity
- Premium vinyl: Highquality TEAC turntable in Turquoise with builtin phono preamp & Bluetooth transmitter
- True stereo sound: Active main unit + passive speaker for a wide, immersive soundstage
- TV sound via HDMI ARC: One cable for clearer dialogue and greater depth
- Radio & streaming built in: DAB+/FM, Bluetooth 5.3, USBC, Optical & AUX
- Including Authentic Japanese Washi Paper
- Designed for living spaces: Turquoise meets CottonWhite/Oak - modern, light and full of character

PRODUCT DETAILS

Vinyl on a new level
The TEAC TN400BTX is a highquality analog turntable for anyone who takes vinyl seriously - without making things complicated. Its precision belt drive, heavy diecast aluminium platter and Sshaped tonearm ensure smooth rotation and detailed playback, while the integrated phono preamplifier allows direct connection to active speakers. Thanks to the builtin Bluetooth transmitter, vinyl can also be enjoyed wirelessly in modern setups.

True stereo that adds depth
The Pure Classic Active speakers deliver genuine stereo sound with clear leftright separation thanks to their twospeaker design consisting of an active main unit and a passive partner speaker. The result is an open, spacious presentation that brings music to life and lets vinyl reveal its full character. Whether relaxed listening or focused sessions, the room becomes part of the sound.

Better TV sound - no soundbar required
Using HDMI ARC (or optical), Classic Active connects directly to your TV with a single cable. Dialogue becomes clearer, effects gain presence and the overall sound feels more balanced - all without the need for a soundbar or additional amplifier. Volume can be controlled easily using your TV remote, making the system effortless to use day to day.

Everything you want to hear, all in one system
This bundle is more than a vinyl setup - it's a central audio hub. DAB+ and FM radio with up to 40 presets, Bluetooth 5.3 for streaming, plus USBC, Optical and AUX inputs for additional devices turn Classic Active into the goto system for music, podcasts, films and more. A system designed to keep up with your lifestyle.

Including Authentic Japanese Washi Paper
Elevate your vinyl audio experience with our premium TA-TS30UN-BW sheet featuring traditional Mulberry tree fibers for sonic clarity

A setup that balances sound and design
The combination of a Turquoise turntable and CottonWhite/Oak speakers brings freshness, lightness and modern design into the living space. Intuitive control via OLED display and remote control, quality materials and a clean visual language make this bundle a longterm audio solution. Vinyl, TV sound and streaming in perfect balance - reduced to the essentials, focused on great sound.
