**The artists**
**KIDSØ (Electronica, DE) -** The duo KIDSØ produces danceable melancholy. Or, as Moritz Graßinger (analogue synths, piano, percussions) and Martin Schneider (drums, e-percussions, video installation) sometimes say with a smile: electronic music for people who otherwise don‘t listen to electronic music that often. **Telegraph (Indie/Alternative, FR)** - Telegraph traces the course of a youth sailing for an uncertain future, without ever losing hope. **Meresha (Pop, PL/DE/US)** - Meresha is a creator, performer, singer, multi-instrumentalist, DJ and producer with a deep, wide-ranging soulful voice and a quirky sonic vision. She is an #AlienPop innovator; so far the first in the genre. Alien Pop is like pop, but somehow also out of this world. Fully independent, Meresha‘s music has found a global audience.

**Sean Haefeli (New-Jazz, DE)** - The uniquely talented, Indianapolis-born, Chicago-chiseled and Berlin-based vocalist/emcee/pianist Sean Haefeli has been on the music scene for two decades. Sean’s music bridges the gap between the classic and cutting-edge. With his distinctive skill set and compositional
