### DÉTAILS DU PRODUIT

This product signals the beginning of a new chapter for TEAC, with both high-resolution audio and Bluetooth playback in a single-box product

### Main features

- A compact (215mm width) pre-main amplifier with USB input and built-in digital audio converter
- Compatible with 2.8MHz/5.6MHz DSD native playback and 32bit/192kHz high-resolution sound sources
- High sound quality wireless playback compatible with the Bluetooth aptX codec
- Built-in BurrBrown PCM1795 digital-to-analog converter, compatible with a variety of digital sources
- Fitted with 40W + 40W Class-D power amplifier module manufactured by ICEpower
- Full metal housing provides both excellent vibration control and classy looks, in a compact enclosure, making it easy to accomodate on a desktop
